ABOUT THE SPEAKER:

Dr. Margeas is board certified by the American Board of Operative Dentistry and is a Fellow of the Academy of General Dentistry. He lectures both nationally and internationally in seventy-six countries and, when not travelling, resides in Brazil.

Dr. Margeas maintains a private practice devoted to esthetic dentistry in Des Moines, Iowa.

Dr. Margeas will review dozens of direct and indirect clinical cases with a step-by-step overview from start to finish. Cases will include: porcelain veneers with immediate extraction, placement, and provisionalization; and treating worn dentition. You will be able to incorporate all techniques into your practice immediately.

Upon completion of this course the participant will understand:

- How to diagnose and treat the worn dentition
- How to create life-like porcelain veneers with predictable preparation, bonding, and finishing techniques
- The secret to effective provisionalization immediately following implant placement
- How to properly layer and finish composite resins that mimic nature
- How to layer, bond, and polish porcelain to create a predictable restoration
- How to use diagnostic ceramics to optimize final results
- Diastema closure
- Porcelain repair
- Porcelain veneer systems
- Crown restoration
- Implant restoration
- Crowns with interproximal restorations
- PVS impressions
- Full porcelain restorations
- Accurate alginate impressions
- Esthetic photographic series
- Jaw relation records
- Impression techniques
- Porcelain material choices

Everyday Dentistry: More Than Everyday Esthetic Results

The Esthetic, Restorative & Endo Dental Conference
November 4-6, 2010

Dr. Renato Leonardo

Dr. Renato Leonardo is a professor at the University of Texas Health Science Center at San Antonio and is a member of the Regional Board of Endodontics (Brazil) and Vice President of the Brazilian Society of Endodontics. He has published numerous articles in peer-reviewed dental journals and is the author of four books and over 500 papers. He is a Diplomate of the American Board of Endodontics, a fellow of the American College of Endodontists, a fellow of the World Academy of Endodontology, a member of the American Endodontic Society, and a member of the American Association of Endodontists. He is also a Diplomate of the International Congress of Endodontics and a member of the Brazilian Society of Endodontics. He is also a Diplomate of the International Congress of Endodontics and a member of the Brazilian Society of Endodontics.
